

# Ekuanot™

USA

Guava  
Melon  
Lime  
Green pepper  
Papaya

Like the two very successful varieties Citra® and Mosaic®, Ekuanot™ (HBC 366) was also bred by the Hop Breeding Company. Ekuanot is the term used for the two days of the year in which day and night have the same number of hours. As with the Ekuanot, this hop variety appears lighter as a young plant in a very light green. The older it gets, the darker its green – day and night, light (green) and dark (green) are evenly matched.

## Analytical values

Type	Dual purpose
Growing Area	USA
Lineage	No data
$\alpha$ -acids*	14.5 - 15.5 %
$\beta$ -acids	4.5 - 5.5 %
Total Polyphenols	No data
Total oils	2.5 - 4.5 ml/100g
Myrcene	No data
Linalool	No data

The analytical values are typical for the variety at the time of harvest, but may vary according to crop year, growing region, grower and degree of ageing.

\*The alpha content is determined by means of spectrophotometric analyses.
